

Dacia Sandero

Introducing Dacia Sandero

Like attractive design? Need a spacious interior? Want modern technology, but don't want to break the bank? Say hello to Dacia Sandero.

Big car features.

Beneath its svelte form lies ample space for five adults. A split-folding rear seat and 320 litre boot make transporting luggage simple. Electronic Stability Control, anti-lock brakes and four front airbags ensure safety as standard. And, with Sandero Signature, air conditioning and cruise control mean maximum comfort on the move.

Big car technology.

Want cutting-edge design that's also intuitive to use? No problem. The state of the art TCe 90 3-cylinder petrol engine, which combines impressive performance with frugal fuel consumption and CO₂ emissions of just 109 g/km, means savings for you and the environment.

Small car prices.

At Dacia, we believe in giving you the choice to pay only for what you value. Our simple range offers two trim levels to suit your individual needs: from the affordable Alternative to the stylish Signature. And, with prices that are shockingly affordable, there really is a Dacia Sandero for everybody.

With Dacia, think big, pay little.

Model shown is a Dacia Sandero Alternative with optional Platinum metallic paint.

* Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk.
