# New Renault MASTER

Versatility to suit your every need

Every effort has been made to ensure that this publication is accurate and up to date at the time of going to print. This document has been created based on pilot products and prototypes. As part of our ongoing product improvement policy, Renault reserves the right to modify the specifications, vehicles and accessories described and shown at any time. Any such modifications will be communicated to Renault dealers as quickly as possible. Depending on the country of sale, versions may differ and certain equipment may be unavailable (as standard features, options, or accessories). Please contact your nearest Renault dealer for the latest information. For printing reasons, the colours that appear in this document may differ slightly from the actual paint and upholstery colours. All rights reserved. The reproduction in any format and by any means of all or part of this publication without prior written recommends authorisation from Renault is prohibited. \*5 years / 200,000km Renault manufacturer warranty. Publication date 04/2015.

The New Renault Master

# Efficient, practical and versatile

The New Master Van has been specifically designed to adapt to the most demanding requirements with load volumes up to 17 m<sup>3</sup> and payloads up to 1610 kg (3.5T versions) and 2254 kg (4.5T versions). There are many factory conversions to choose from including a wide range of different platform and chassis cab versions that can be converted into a vast array of other products from wheelchair access minibuses and refrigerated vans, to ambulances. To make your working day even easier and safer, a new generation ESC with Hill Start Assist, Grip Xtend and Trailer Swing Assist now comes as standard on every version.

Your

# Comfortable workspace

1.

2.

3.

4.

5.

6.

7.

**1. A comfortable workspace.** Optimal visibility, ergonomic control and adjustable driver's position. **2. Plenty of storage.** Cup holders, dashboard, underseat... Everything is close to hand. **3. Pivoting seatback table.** Located in the central front passenger seat (with clipboard holder). **4. Smartphone cradle.** Adjustable for height and width, the smartphone cradle accommodates most sizes, meaning you're always connected. **5. Bluetooth and DAB radio.** Standard on every version. **6. Comfort every day.** The specially contoured driver's seat with added lateral support features height and lumbar adjustment as standard, plus an armrest. **7. R-Link Evolution Multimedia system.** Guides you easily to your destination. Opt for live services to get traffic news in real time and warnings of accident black spots.

ENERGY dCi Engine

# Double the performance

The New Master engine benefits from the best in modern technology. It consists of a variable geometry turbocharger (dCi 110 hp, dCi 125 hp and dCi 150 hp) and Twin Turbo (ENERGY dCi 135 hp and ENERGY dCi 165 hp), thus offering a large range of engines to meet everyone’s needs.

The Twin Turbo engine, with Stop & Start technology and the new regenerative braking system (Energy Smart Management), helps New Master achieve fuel economy of up to 40.9mpg (LCV) or 44.8mpg (Passenger) helping you to minimise fuel costs.

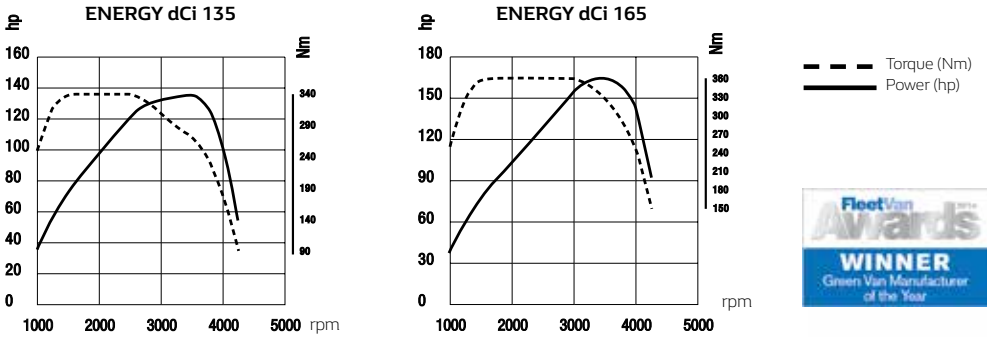

The double stage turbocharging allows for flexible driving and instant pick-up, even under load, all the while giving more power at high speeds:

- The first low inertia turbo provides high torque from low speeds to give you greater responsiveness when pulling away and restarting.
- The second turbo takes over at high speeds, it lets you call for more power for constant, smooth acceleration.

Better fuel economy and more driving pleasure! With New Master, you win either way.

\*Approved conditions according to applicable regulations.

Euro 5

**ENERGY dCi 135 Diesel Engine**  
Power: 135 hp (100 kW) at 3,500 rpm  
Torque: 340 Nm at 1,500 rpm  
Consumption: 6.9l/100km\*  
CO<sub>2</sub> emissions 180 g/km

**ENERGY dCi 165 Diesel Engine**  
Power: 165 hp (120 kW) at 3,500 rpm  
Torque: 360 Nm at 1,500 rpm  
Consumption: 6.9l/100km\*  
CO<sub>2</sub> emissions 180 g/km

Illustrated visual: ENERGY dCi 165  
\* On a MM35 ENERGY dCi 135 and dCi 165 Panel van. Official combined cycle consumption and emissions according to applicable regulations.

Drawing on Renault’s Formula 1 expertise, the New Master offers a range of engines that bring together economy, flexibility and performance. The energy dCi Twin Turbo engine meets the challenge of improving fuel economy above 40mpg, while maintaining driving pleasure.

### Winning Duo

Rob White

Director of Renaultsport F1®

Gaspar Gascon

Director Renault Power Train Engineering

At Renault, technological innovation is driven by the passion of our employees. **Rob White, Technical Director of Renault Sport F1®**, works with his team to create the Renault engines that power multiple Formula 1® teams. Winning engines for over 35 years! World champions 12 times.

For production cars, **Renault Power Train Engineering Director Gaspar Gascon** and his staff have developed the new range of ENERGY engines.

Think the two are unrelated? Think again. On a day-to-day basis, Rob and Gaspar keep in touch, discussing and working together to develop new ideas, each benefiting from the other’s know-how with the enthusiasm of born pioneers. Their goal: to reduce fuel consumption and CO<sub>2</sub> emissions by 35%, test engine strength under extreme conditions and take the everyday pleasure of driving a Renault to ever greater heights.

When two teams of engineers obsessed with innovation combine their efforts and share their expertise, the drive for creating some of the world’s best engines is doubled.

# Safe

The New Master boasts very high levels of active and passive safety, to ensure you work in serenity.

- 1. Grip Xtend.** Over loose surfaces such as gravel, light snow and mud, engage Grip Xtend and one wheel will be allowed to spin to help you gain traction. **2. Hill Start Assist.** Makes Hill Start easy as the vehicle is held on an incline without the use of the handbrake, for 2 seconds while you engage gear and apply power **3. Wide View mirror.** Built into the passenger sun visor mirror, this simple solution helps you to see into your blind spot. **4. Rear parking sensors.** Manoeuvre more safely around town or on a worksite. **5. Trailer Swing Assist.** Coupled with the ESC, it detects the oscillations, applies brakes and reduces the torque and power until the oscillations stop. **6. Electronic Stability Control.** Helps you avoid collisions by detecting and reducing the danger of skidding, or losing control as a result of over-steering.

# Stay connected

**R-Link Evolution.** Renault’s new intuitive and innovative connected tablet – provides access to useful and practical features including: satellite navigation, hands-free telephony capability via Bluetooth® connection and multimedia functionalities that allows music to be played from devices through a USB or AUX connection complete with a large seven-inch display.

1. Features a capacitive screen allowing easy, intuitive two-finger zooming and scrolling. 2. Clear and crisp graphics, providing legibility and safety that are of paramount importance for use in a commercial vehicle. 3. Powerful navigation and a range of affordable services: Carminat TomTom Live system with 3D navigation and TomTom Traffic for real-time traffic information. 4. Renault’s R-Link Store® offering a comprehensive catalogue of applications designed specifically for in-vehicle use, including Coyote® alerts, three Michelin applications (hotels, restaurants and travel), access to social networks and the reading out loud of e-mails\*.

**R&GO.** For iOS and Android users, you can download the R&GO application to your smartphone to provide access to navigation, telephone commands, multimedia files and vehicle trip information.

## New Master Panel Van and Crew Van - Standard Features

### Business

Technology
Radio with DAB, Bluetooth, CD and USB
12v power socket (dashboard) and centre console
6 speed gearbox
ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
Trip computer - multi-functional with rev counter

Interior
Closed glove box
2 cup holders on centre console
Driver's seat - height adjustable, lumbar adjustment and armrest
Steering wheel - height adjustment
Electric front windows
Passenger bench seat
Overhead parcel shelf
KALEIDO - Dark grey upholstery

Exterior
Left side loading door - unglazed
80-litre fuel tank
Door mirrors - electric adjustment, heated
16" steel wheels with small wheel stylers
Rear doors - unglazed, 180°
Spare wheel

Safety and Security
Full steel bulkhead
ABS with EBD (Electronic Brake force Distribution)
Electronic immobiliser
Remote central locking (2 button key)
Airbag - driver
Seatbelts - 3 point height-adjustable seatbelts with pretensioners
4 disc brakes
Alarm pre-wiring
Deadlocking
Anchorage points : 8 for Short Wheel base (SWB) and 10 for Medium and Long Wheel Base (LWB)

Additional standard equipment on Crew Vans
2nd row of 4 passenger seats
Integrated storage nets and cup holders
Left and right side loading doors - glazed
Bulkhead - full steel with glazing

RWD additional equipment
Rear step
Side marker lights (LWB or MWB with extended overhang only)
Engine speed limiter 56mph/90 km/h (to meet legal requirement) - 4.5T version only
Digital tachograph (4.5T version only) and CAN interface unit

### Business+ Additional equipment to Business

Interior
Manual air conditioning and pollen filter
Electric front windows - driver's side one-touch descending
Dashboard storage compartment lid
Pivoting seatback table with dual split underseat storage compartment
FUNAIA upholstery
12V power socket in load area

Exterior
16" steel wheels with large wheel stylers

Safety and Security
Wide view mirror
Rear parking sensors
Hands free key
Clipboard holder (for A5 or bigger note block)

● = Standard (therefore no cost) ○ = Optional - = Not available  
(1) Cannot be ordered with Alloy Wheels. Not available on SL28 versions (2) Not available on twin RWD versions (3) Has to be ordered with Battery interface and CAN interface unit. Not available with SL28 versions (4) Cannot be ordered with Power take off - gearbox (5) Cannot be ordered with Glazing Pack or with LML and LHL versions if not twin wheel variant (6) On FWD 110 and 125 versions, cannot be ordered with climate control or manual air conditioning, on RWD and FWD 135 and 165 versions must be ordered with climate control or air conditioning (7) Cannot be ordered with increase idle speed. Not available on Quickshift (8) Standard on LWB (9) Cannot be ordered with Clipboard holder and driver's seat - fully adjustable suspension type (11) Standard on 4.5T and needs to be calibrated by the dealership on hand-over (12) Not available on 4.5T versions (13) Cannot be ordered with front lateral curtain (14) Not available on SWB versions (15) Manual air conditioning and climate control cannot be ordered together (16) Cannot be ordered with Airbag - front passenger (17) Can only be ordered with Carminat TomTom® LIVE satellite navigation system

# New Master Conversions

Renault offers a comprehensive range of factory converted products that are available to order directly from our dealer network as a ‘one stop shop’. These vehicles are provided with a full manufacturer warranty. If the factory products are not quite what you are looking for, we also offer a range of chassis Cabs that can be converted to meet your exact needs.

Accredited Converters compliment our range of factory products by offering bespoke solutions to meet specific customer needs. Renault works closely with a number of Accredited Converters.

To be accredited, converters are assessed on their technical and quality processes and standards by a dedicated team from Renault. They then receive specialist support and backup. This ensures that the quality of the conversion meets the standards expected by Renault and that the conversion will meet all legal and technical requirements.

Regular assessments and quality training are provided to the converters to ensure that these high standards are maintained.

Renault takes responsibility for the base vehicle, and the converter is responsible for all aspects of the conversion, and in most cases the conversion will match the base vehicle warranty.\*

\*Some exceptions apply (please check with your supplying dealer for the converter warranty statement)

# Standard - Features

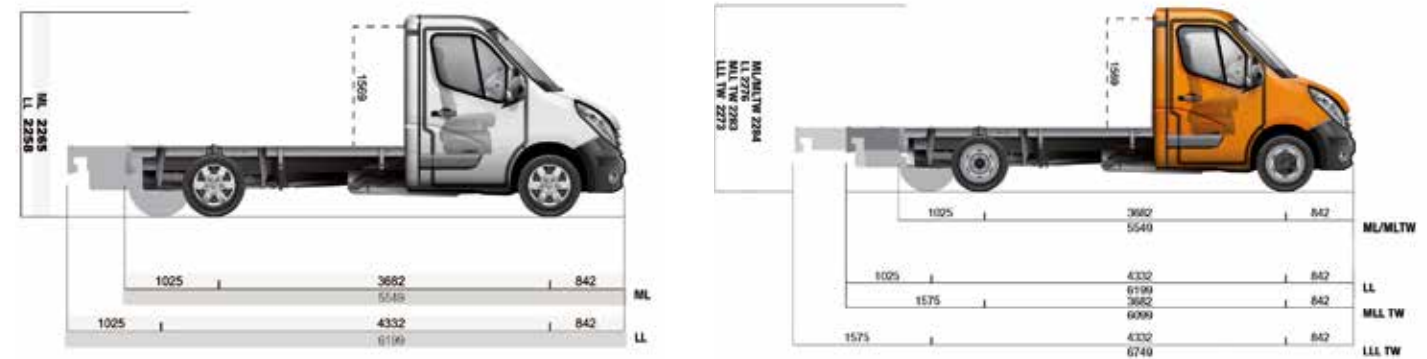

## Business

Technology
Radio with DAB, Bluetooth, CD and USB
6 speed gearbox
ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
Trip computer - multi-functional with rev counter
Interior
Closed glove box
2 cup holders on centre console
Driver's seat - height adjustable, lumbar adjustment and armrest
Steering wheel - height adjustment
Electric front windows
Passenger bench seat
Overhead parcel shelf
KALEIDO - Dark grey upholstery
Exterior
80-litre fuel tank
Door mirrors - electric adjustment, heated
16" steel wheels with small wheel stylers
Side marker lights wiring (on LL MLL LLL versions only)
Spare wheel
Safety and Security
Full steel bulkhead
ABS with EBD (Electronic Brake force Distribution)
Electronic immobiliser
Remote central locking (2 button key)
Airbag - driver
Bulkhead - full steel with glazing (full steel bulkhead on Platform Cab unglazed)
4 disc brakes
Alarm pre-wiring
Deadlocking
Additional equipment on RWD versions
Digital tachograph (4.5T versions only) and CAN interface unit
Engine speed limiter 90 kph (to meet legal requirement) (4.5T version only)
Additional equipment on Double Cab versions
Second row of 4 passenger seats
Left and right rear lateral doors - glazed

# New Master Passenger Vehicles

## 17 Seat Minibus - peace of mind with quality assured

The Master 17 Seat Minibus has been widely recognised as one of the most stylish and quality-finished minibuses in the Irish market. The vehicle has been equipped to provide for both young person/school transport and private hire markets, with features tailored to both types of operation. The vehicle is also currently one of the very best in terms of ownership costs.

Tailored features such as the auto-engaging electric side step and Bluetooth® help to make the Master 17 Seat Minibus one of the best-equipped factory built minibuses in the Irish market, giving complete comfort and convenience for driver and passengers alike.

This M2 European Whole Vehicle Type Approved vehicle (ECWVTA 2001/85/EC107) offers full peace of mind to both the customer and operator. The seats are M1 homologated and therefore have a car level of safety and security, again providing that reassurance for carrying your most precious of cargo – people!

As factory products, both the 17 Seat Minibus and the 6 and 9 Seat Combi also boast full 4 year manufacturer warranty and 4 years’ roadside cover – exactly like buying any Renault car or van, with no third party involved!

## Combi - combine space and practicality

The 6 and 9 Seat Master Combi is ideal for shuttle bus operators, fleet operators and private customers requiring more spacious multi-person transport than Crew Vans or smaller passenger vehicles can provide. The vehicle provides value for money and highly competitive fuel economy. This versatile people mover provides the customer all the comfort of the award-winning Master Van, with class-leading cabin ergonomics and a vast array of options to suit all customer and passenger needs for this highly spacious practical vehicle.

## Renault Finance

**Renault Finance**, the bank you can bank on. Choose the finance solution that best suits your needs.

At **Renault Finance**, we pride ourselves on being:

- **Flexible.** We have flexible payment plans. We can tailor the term, the deposit or the repayment to meet your needs.
- **Competitive.** We offer competitive rates and attractive financial packages you will not find anywhere else.
- **Simple.** We provide an easy application process, quick decision and minimum paperwork, all at your Local Dealer.
- **Creditable.** We are part of one of Europe’s largest motor finance companies and offers financial services to millions of customers everyday.

Renault Finance is a trading name of RCI Banque Branch Ireland, a wholly owed subsidiary of the Renault Group. RCI Banque is regulated by the French banking authority and is supervised by the Central Bank of Ireland for conduct of business purposes.

New Master - Accessories

TOWBARS 1. Universal Coupling 2. 'Pintle Hook' with ball 3. Standard Ball: Renault goes above and beyond even the strictest European standards (CE 94/20). Thanks to further testing, Renault have also made sure that your vehicle won't be damaged, even with intensive commercial towbar use. Finally, Renault also take the most demanding climatic conditions into account by applying an anti-corrosion surface treatment. A range of different tow balls and hitches are also available.

New Master - Accessories

1. Standard Carpet Mats: Protect your New Master from everyday dirt, wear and tear with a set of genuine Renault mats. Available in carpet or rubber to suit your lifestyle, Renault mats are made to measure for your vehicle. 2. Alarm: Protect your New Master. 3. Catalytic Converter Protector: Specialist anti-theft device to protect your catalytic converter from theft.

Accessory - Options

4-5. Aluminium Roof Rack, Walkway and Ladder: Specially designed for the New Master, the aluminium roof rack is equipped with a rear sliding roller to aid loading. The maximum load is 149 kg, the galvanised steel ladder and walkway facilitate loading onto the rack. 6. Roof Bars: Available in pairs, these bars can carry up to 89 kg (per pair). Made from aluminium, they have been intensively tested to guarantee performance and resistance to corrosion. 7. Rear Protective Windows Grills: Window protection grilles designed specifically for your New Master. Protects goods being transported whilst maintaining a clear rear view.
